

## COOKIES POLICY

Cookies are files sent through the web page opened on your device (the term device refers to the personal computer or PC, tablet, mobile phone, or any other device through which the web can be accessed) (the "Cookies"). Cookies are stored on your computer's hard drive, allowing the website to recognize and store certain information related to a specific person, in order to enable or improve the service offered and adapt the web content to a specific profile and needs.

Finprop Capital SGOIC, S.A ("Finprop"), on its own or through outsourced service providers, can use cookies when the user is using the Website. The cookies are files sent to the electronic device and are used to keep track of the user's activities during the browsing.

The Cookies used are only associated with an anonymous user and his computer and do not provide the user's personal data.

Using cookies, it is possible for the server where the website is located to recognize the web browser used by the user to facilitate navigation. Cookies are also used to measure the audience and traffic parameters, control the process and the number of entries.

The user can configure its browser to be notified about the reception of cookies and stop their installation. Read the manual of your browser for more information.

In order to use the Website, the user does not need to allow the installation of Cookies, without prejudice of the need to start a new session on the services that require a log in or registration.

In any case, the Cookies have temporary nature and the only goal is to make more efficient the communication process between the Website and the user. Under any circumstances,

the cookies are used to collect personal data.
